A legacy of excellence

At the Embassy Group, we believe the good life isn't a destination, it's a journey. This quest has led us through roads less travelled, uncharted mindscapes and places beyond the common to bring luxury lifestyles that transcend cliches.

Embassy Group is one of India's leading property developers, with a presence spanning over 3 decades and a track record of over 62 million sq ft across commercial, residential, industrial & warehousing, retail, hospitality, services and education. In the residential domain, Embassy Group has completed over 15 million sq ft with over 14 million sq ft under development with a slew of upcoming projects.

Embassy residential properties are future-ready, ahead of time. The design features considered essential today are already in place across Embassy properties and were conceived years ago. This is made possible by our 'Future First' vision. A vision to see where the world is headed and to consistently have the agility to get there.

Embassy's promise of the 'Good Life' derives from an immersive community perspective and reflects in the best of locations, uber-luxury lifestyles, fully-managed homes and international amenities. As part of our ongoing endeavour to create sustainable developments, our residential projects are designed in accordance with IGBC Green Homes Gold or Platinum ratings. The brand equity that we enjoy as pioneers of premium residences make our on-going and proposed residential projects the most sought-after addresses.

Embassy leads the way in luxury, sustainability, delivery and ROI. Our development focus encompasses branded residences, uber-luxury villas, exclusive villaments, sky condominiums, integrated developments & smartly designed contemporary homes with something to offer every investor.

With value and safety being key for investors, credible, trusted brands rank higher. The Track2Realty report ranks Embassy among the top 5 developers in India and the top 3 in South India. We are also ranked No.1 in the office space segment and hospitality, as well as the No.1 'Employer' and No. 2 in CSR.
